Reception

“A friendly, personal and competitive distribution service with a commitment to business and getting deliveries there on time.”

A service second to none

24 hours a day, 365 days a year

Based in Wolverhampton at the heart of the motorway network and with depots online in Scotland and Northern Ireland, we offer a prompt and professional service to all our new and existing customers.

- *Our modern fleet of vehicles, which range from motorcycles to 7.5 tonne trucks enables us to deliver anything from an envelope to a 3,200kg load anywhere in Europe. Specialised vehicles are available on request.*
- *We have 50,000 cubic feet of warehousing space available with unbeatable levels of security.*
- *Our experienced logistics team enables us to undertake specialised ad-hoc projects such as on-site installation and de-installations and delivery of critical components to field service engineers.*
- *Our control room is fully computerised which allows us to give you instant competitive quotes and proof of delivery on request.*
- *Our rapid growth over the past few years has been achieved simply by providing a quality professional service to our customers which we believe to be second to none.*
- *Our client base includes many household names in industries as diverse as Aerospace to Legal Services*

Courier Services

Courier services

Critical Response Time

For time critical deliveries it is important for us to be able to respond quickly and effectively. Eurorunner pride themselves in achieving a 30 minute response time in 95% of collections.

Europe Wide Distribution

- *Delivery anywhere in the UK or Europe.*
- *All loads catered for from 1kg to 3200kg.*
- *Secure storage & distribution facilities available.*
- *Specialists in European Dedicated Deliveries.*

Daily Deliveries

Regular scheduled deliveries are a speciality for Eurorunner. Working with clients, goods movements can be scheduled to suit your requirements

Overspill Deliveries

Do you have a short-term transportation problem where you do not have enough vehicles to meet your demand? Eurorunner can help customers through periods of high activity.

Important Documents

We can guarantee important documents arrive with clients at a specified time. Verbal confirmation of delivery is available on request.

Home Delivery

“A friendly, personal and competitive distribution service with a commitment to business and getting deliveries there on time.”

Home delivery

We are recognised as one of the industry leaders for our home delivery services and acknowledge that we have to maintain this very high standard to stay ahead of the competition.

- Heavy goods
- 25kg - 85kg
- Domestic appliances
- Bathroom fittings
- Shower screens
- Garden furniture

Every endeavour is made to ensure that all deliveries are successfully completed at the first attempt. Therefore, we notify customers of a delivery date and give them an am or pm time slot, and when required the driver will also contact the customer from his vehicle en route.

Further services are available upon request which includes removal and disposal of old appliances and packaging materials.

Fragile Goods

“A friendly, personal and competitive distribution service with a commitment to business and getting deliveries there on time.”

Fragile goods

For customers looking to transport delicate items, we operate a specialised delivery service aimed predominantly at manufacturers and distributors of fragile goods.

We understand the value our customers place on the safe transportation and handling of their goods and have tailored our service to meet their specific needs.

We operate a flexible, 7-day service delivering to both commercial and private addresses at no extra cost.

Warehousing

“A friendly, personal and competitive distribution service with a commitment to business and getting deliveries there on time.”

Warehousing

Space

With 50,000 cu ft of warehousing no consignment is too large. Eurorunner specialise in the correct storage procedures suitable for all product ranges from electronic components through to engineering products and document storage. Eurorunner are able to carry out both weekly and monthly stock checks.

Secure storage

Eurorunner are in the unique position of offering our customers secure warehousing for pallets, parcels and auxiliary items on a weekly, monthly or yearly basis in a warehouse designed specifically with security in mind. The warehouse is based within a secure site, which has 24 hour manned security and comprehensive CCTV monitoring.

Pallet storage

We are able to offer long or short term pallet storage, we also offer a collection and delivery service and have staff trained to retrieve your pallets at a moments notice!

Quality Management

“A friendly, personal and competitive distribution service with a commitment to business and getting deliveries there on time.”

Quality management

ISO 9001

We are an ISO 9001 registered company offering a commitment to quality and following strict quality procedures to ensure the highest standards in all our processes.

Benefits of our quality management system include:

- policies and objectives set by ‘top management’
- understanding customer’s requirements with a view to achieving customer satisfaction
- improved internal and external communications
- greater understanding of the organisation’s processes
- understanding how statutory and regulatory requirements impact on the organisation and our customers
- clear responsibilities and authorities agreed for all staff
- improved use of time and resources
- reduced wastage
- greater consistency and traceability of products and services
- improved morale and motivation

Level 4 security

In an more security conscious aviation industry, Eurorunner is going a step further to provide a more complete logistics management service for their clients. We are the first logistics company in the area to undertake a training programme for all drivers and staff to Aviation Level 4 Security.

The extensive, in depth training programme which includes on job training as well as classroom instruction will ensure our staff are able to fully implement the Aviation Level 4 Security measures, thus saving our clients time and money at our nations airports and ports.

Partnerships

“A friendly, personal and competitive distribution service with a commitment to business and getting deliveries there on time.”

Expansion

“A friendly, personal and competitive distribution service with a commitment to business and getting deliveries there on time.”

A service second to none *24 hours a day, 365 days a year*

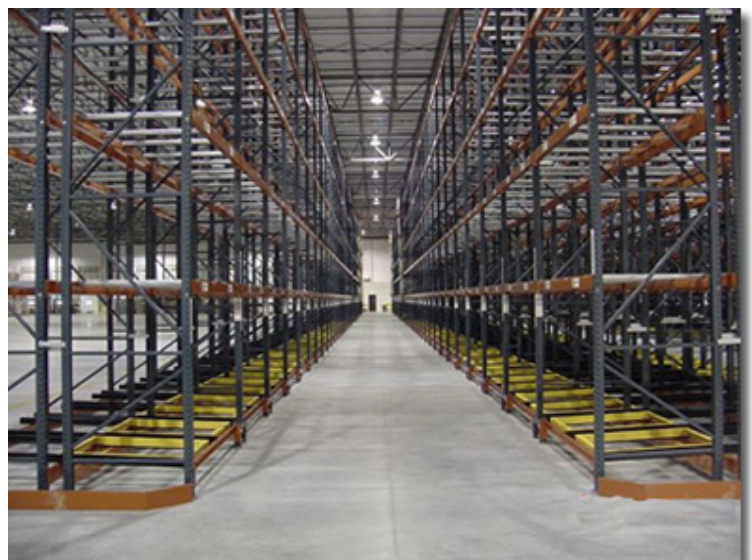

Eurorunner Logistics Management Ltd, has demonstrated its recent success by acquiring a new storage and distribution centre in the Midlands. The new facility of 8500 sq ft is a modern building on a secure site within close proximity to the motorway network. The expansion will also provide new jobs, for the local area,

The new state-of-the-art premises in Wolverhampton will provide additional capacity for storage and distribution of home delivery products and fragile goods,

Tom Brindley, The Managing Director of Eurorunner says, “Business is going from strength to strength, which is great news for us, as well as our customers. It means that they are growing too and putting their faith in our expertise,

With eurorunner’s range of services and client base constantly growing, it won’t be too long before more room is required...watch this space.

more space
more capacity
more Flexibility
a better service
